Submission of position papers on both basic and higher education to EDCOM II, signifying our advocacy role in the ongoing national conversation on education;

Providing technical support to the Legal Education Board in their accreditation initiatives;

Engaging in conversations with Secretary Angara and Chairperson Agrupis to further partnerships in quality assurance.

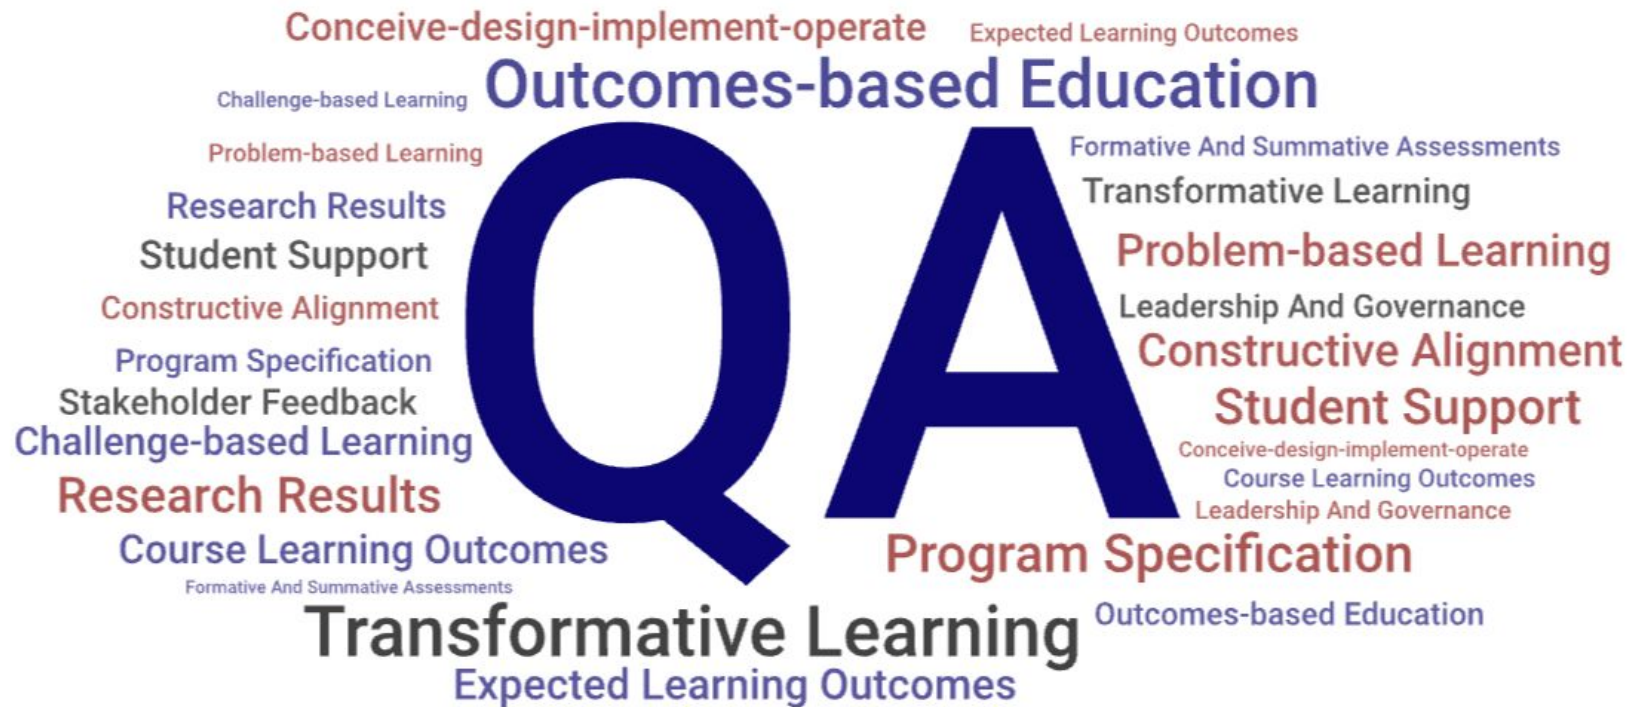

PACUCOA

ACSCU

FAAP

Development and refinement of concrete indicators for the criteria used in granting higher accreditation levels, particularly Levels III, IV, and Institutional Accreditation

Prof. Michael Murphy

Former President

University College Cork, Ireland

“Nobody will bother about quality assurance unless you convince them it adds value to their work.”

-Prof. Michael Murphy

Three Insights on Harmonizing Quality Assurance

Measuring results in order to improve – at base a faculty responsibility

QA requires effort, consistency, and resources.

BED accreditors' training

Training of HEI team chairpersons

Ultimately, QA is moral work.

PAASCU and CHED to advance quality and accountability in higher education.

**The rigorous standards established
by the accrediting bodies serve as a vital
instrument in nurturing a culture
of accountability, transparency,
and integrity.**

**QA in education guarantees
that institutions are held accountable
not only for their outcomes, but also
for the ethical development
of their graduates.**
