Coaching for Results in Education (CoRE) Guidelines for School Year 2025-2026

Introduction

The Private Education Assistance Committee (PEAC) supports the improvement of private schools in the country, specifically the delivery of quality education that contributes to improving learning outcomes.

The PEAC has developed quality assurance mechanisms starting with its Certification Program for junior high school providers, which is part of its co-implementation of the Department of Education's Education Service Contracting (ESC) Program. The Certification Program ensures that junior high schools contracted by the government comply with the standards and minimum requirements mandated by DepEd.

The Certification Assessment Instrument CAI has been updated in 2018 to align with the K to 12 standards and in 2024 to articulate new items, particularly covering learning continuity and the other modes of delivery. Schools are given from one to three school years, depending on the rating, to pass the recertification revisit to ensure quality delivery of the mandated junior high school program.

Description

Coaching for Results in Education is a program that supports ESC schools in their preparation for the recertification revisit through a partnership with the Phoenix Educational Foundation Inc. (PEFI) which implements the *Kaagapay* Program.

The *Kaagapay* Program assigns school coaches who are expert practitioners and leaders in education. It specifically assists the schools in the following: pursuance of data-based school improvement that impacts students' learning; on- track implementation of recommendations and the School Improvement Plan (SIP); results- based management in monitoring outcomes in key result areas; and cost-effective management of human and material resources.

Eligibility Criteria

- ESC participating junior high schools that received the following recertification ratings in school year 2024-2025:
 - School Category A: an overall rating of 2
 - School Category B: an overall rating of 1 but with a rating of 2 and above in at least 2 Core Areas; and
- Schools qualified and accepted in the *Kaagapay* Program.

Selection of the School Grantees

The PEAC NS will send a formal communication to eligible ESC participating junior high schools on the guidelines of the CoRE Program and the Terms and Conditions of the *Kaagapay* Program.

Documentary Requirements

Eligible schools that are interested to participate in the CoRE Program must submit the following:

- a. Letter of Intent signed by the school head and addressed to the PEAC Executive Director
- b. Attestation signed by the school head that the school has been accepted in the *Kaagapay* Program.

Both documents should be sent through email with the subject “CoRE Batch 5 – [Name of Institution]” to Ariel V. Alfonso (ariel.alfonso@peac.org.ph) of the PEAC National Secretariat Communications and Research Unit. The PEAC NS will accept school’s Letter of Intent and Attestation until July 25, 2025.

The PEAC NS may request other documents from the school. After the vetting and selection of grantee schools, PEAC will send a formal communication to the selected schools to confirm their participation in the CoRE Program.

Grant Coverage

The PEAC will cover the financial assistance of Php50,000 for one school year in the CoRE Program wherein the school grantee accepts coaching from experts from the *Kaagapay* Program.

Conditions of the Grant

For one or two school years, depending on the school’s recertification rating in 2024-2025, the school grantee shall voluntarily and fully commit itself to school improvement by receiving coaching from the *Kaagapay* Program.

School grantee that failed to sustain their collaboration with the *Kaagapay* Program may be terminated from the program upon the endorsement of both PEAC and PEFI, and shall pay the corresponding damages accrued based on the number of consultation sessions.
